It's been a whole week!
This is enough !
You are going to seriously hurt yourself by doing this! And you know, adults don't change their ways even if you protest.
I am not going back home !

I am surprised that you managed to get a day off from the bar.
Don't remind me. I had to bug him for 2 days to get the day off, but I wasn't going to miss a chance to go out with you.

Man, it's been so long since I went out at night. Good old days.

Man ..., I still have tears in my eyes.

Did you enjoy it that much ?

I actually got envious of the male lead! The love he gets from her... !

Yeah? His lines gave me goosebumps.

Girls actually like such speeches. They get goosebumps because it's not directed at them.

Yeah? I wonder if I will like such lines if they are meant for me.

Whoa? Don't tell me that you've never had a relationship ?

I haven't had a boyfriend yet. Life has been busy with work and el..., Besides, I haven't found anyone I like yet.

Seriously...? And here I thought you've gone through plenty.

It's pretty late. Let's leave.

You are going home ?

Huh ?

Yeah, so ? We all have home, no?

I have been working at the bar for quite a while. Of course, you didn't recognize me. I've heard plenty about you.

It's Friday. They told me you always pick a guy on Friday and sleep with him. Shouldn't you go back to the bar?

.... What ?

The night you slapped me, it was Friday. Of course, at that time, you didn't know it was me.

But now you know who I am. So? What do you say ?

We haven't seen each other for many years.

Why don't we ... go to my place ?
